- Allows for fixing to both sides of the rail
- RAL GZ-655/C certified

New!

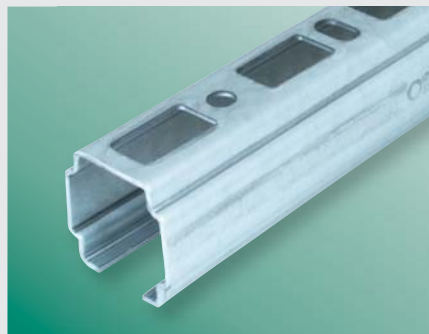

BIS RapidRail® WM35

Fixing Rail WM35 is the latest innovation of Walraven. WM35 is a unique fixing rail that is especially designed for medium-heavy loads. Due to its special shape WM35 is suitable for many standard BIS RapidRail® Accessories such as Slide Nuts, Hammerfix

and various Rail Connectors. WM35 is even suitable to carry accessories of other brands of 38/40 rail profiles. As with other BIS RapidRail® Profiles WM35 allows for quick and easy fixing of BIS RapidRail® Accessories on both sides of the rail.

Features and benefits

- C-profile for a quick and easy fixing of medium-heavy pipe- and ductwork
- With continuous perforation that allows for hanging on both sides
- Distance between rail end and first hole is always equal
- Continuous graduated centimetre scale on one side
- Material: steel 1.0242
