** The calculation was made of the maximum acceptable axial forces and the dimensioning of the anchor under the following conditions: quality of the concrete: C20/25 cracked concrete (tensile zone); concrete edges: without border impact; area reinforcement: without/ normal; edge reinforcement: without.*
0881XXX: BISOFIX® CF Cold FixPoint Clamp is delivered including a weld ring (pressure flange) and closure as well as connecting screws.
Other dimensions on request.
Note! Clamps, Console and Anchors are to be ordered separately.
Console can be found on page E 05 49 / E 05 51 / E 05 54, Anchors on page L 05 25.
