

WIS Chemical Anchor WPSF100

(L 03 85)

universal chemical anchoring system for non-cracked concrete and masonry.

Features and benefits

- reduced edge and anchor spacing distances
- always correct mixing ratio thanks to the static mixer nozzle
- for use with industry-standard silicone dispensing guns
- installations in wet and flooded holes without loss of load capacity
- cartridge may be used up over several times (each installation after a break requires new mixing nozzle)
- ETA Option 7 approval for non-cracked concrete
- A+ VOC emissions class
- ETA ETAG029 approval for hollow and solid masonry
- tested according to LEED 2009 EQ c4.1, SCAQMD rule 1168 (2005)
- substrate type:
 - non-cracked concrete
 - solid masonry
 - hollow masonry
