Walraven RapidRail® Ball Swivel Hanger

fixing to Walraven RapidRail®

(G 30 60)

with Rail 30x15, 30x30, 30x20 and 30x45.

For detailed technical information about our RAL marked products, please see the RAL datasheet in our web catalogue.

Please note. Always use 2 ball swivel hangers and secure by additional hexagon nut (see application picture). The maximum length change that can be dealt with, depends on the fixing distance (ceiling - pipe). The height difference that occurs as a result, needs to be taken into consideration.

To be used in combination with BIS Ball Swivel Hangers. Product can be found on page E 10 05.
