

Walraven VibraTek® MS-1X-CBL Spring Mount

(L2 05 33)

high performance spring isolator for use with A-L1 welding bracket and concrete inertia base frames

Features and benefits

- recommended for machinery with low working speeds above 600 RPM
- epoxy powder-coated base, caps and springs provide increased resistance to corrosion
- flexible internal filler prevents debris and solid elements entering and damaging the spring under load
- Technical Data
 - average ratio $K_x / K_z = K_y / K_z = 0.7$
 - working temperature range -90 °C till 150 °C
- ribs in the metal base provide increased stiffness
- slot holes facilitate positioning and anchoring to the base material
