fixing of gas heaters

Features and benefits

- universal console
- for fixing of all current types of wall-mounted gas heaters
- ideal for situations without a wall (eg. under slanted roof)
- 3 lateral dimensions: an overview per brand/type wall-mounted gas heater to determine the necessary console will be sent on request
- for the greater part pre-assembled
- with height-adjustable cross beams with 2 sliding tee-bolt assemblies for heater-fixing
- material: steel
- studs: pre-galvanized; cross-beams: zinc plated
- packed in plastic film (clean and complete at the construction site) incl. assembly instructions

Part No.	Model	B (mm)	Pack 1
0346003	Separate Cross-Beam	900	1
0346006	Separate Cross-Beam	490	1
0346007	Separate Cross-Beam	650	1
