The W Strut Clamp

The new alternative to the cushion clamp.

Simplicity. Reinvented.

Simply smarter

Introducing the W Strut Clamp from Walraven

The W Strut Clamp is the latest, revolutionary way to mount pipes to strut. One size can fit multiple pipes, reducing the types of clamps needed to complete a project. Its patented one-piece design and durability allows installers to prefabricate a job, saving time and labor costs in the process.

Simply stated—the W Strut Clamp is an easier, safer and affordable solution for any installation project.

W Strut Clamp 2000

- For metal pipe applications
- One piece design – no loose parts
- Easier, faster, safer – installs with one hand
- Surface treatment: high grade Zn-Mg based coating (600 hours salt spray)
- 4 way screw head – phillips, flat, hex and square drive
- Rubber lined for corrosion protection and noise/vibration insulation
- Unique design allows one clamp to fit multiple pipe sizes – less items to stock
- W Strut Clamps are boxed for easy handling – no more bags

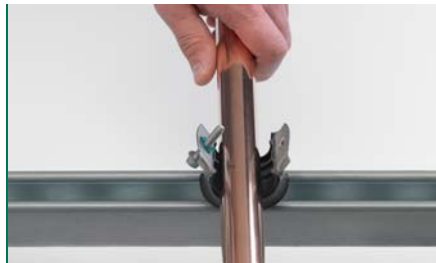

Item number	Description	CTS	ACR	IPS	MM	BOX

Revolutionizing the installation process: easy as 1-2-3

1 Place and turn into strut

2 Insert pipe

3 Tighten screw

W Strut Clamp 5000

- Designed for hot and cold water plastic pipes
- Removable spacer washers, making the clamp suitable for either sliding or anchoring
- Designed to fit into strut
- Quick one handed close
- Alternative for cushion clamp
- Pre-assembled with fully integrated rubber lining and closing screw
- Surface treatment: high grade Zn-Mg based coating (600 hours salt spray)
- Noise insulating lining, EPDM rubber, green
- Age resistant lining
